SANITARY DETERGENTS FOR DAILY CLEANING

PREMIUM N° 1 PLUS

Art. No. 183.352 10 L canister
Art. No. 183.353 6 x 1 L bottle unit

- fast emulgation of dirt particles and fatty deposits
- high wetting properties on ceramic tiles (floor and wall) and stone ware
- long lasting, deodorizing, tangy fresh fragrance
- special cleaning effects with hygienic potential
- regular application prevents lime stone formation
- excellent material compatability
- applicable also in foam-triggers

APPLICATION RANGE: On all acid and water proof materials, surfaces and objects in the sanitary area - applicable on wall and floor tiles, sinks, wc-bowls, ceramic urinals, porcellan and stainless steel. **Not** applicable on acid sensitive surfaces.

INSTRUCTIONS FOR USE AND DOSAGE: Fast acting sanitary cleaner on basis of highly effective amidosulfon acids. Removes reliably lime residues, soap lime, urine stone and lime-fat deposits. **Daily cleaning:** Wet wiping in single or double stage technology - 20-80 ml on 8 L water (0.25-1 %). Strong soiling requires a higher dosage - up to 400 ml on 8 L cold water (up to 5 %). Allow a short penetration time - rinse off with clear water. Squeeze pure in WC bowls and urinals underneath. Allow a short penetration time - before cleaning entire bowl with brush. Flush after cleaning. **Surface cleaning:** Add Premium N° 1 Plus pure onto cleaning cloth or sponge - clean surfaces. After a short penetration time - remove agents with clear cold water.

Prior to application test product for material compatibility on a small area. Always follow the cleaning and maintenance instructions of suppliers of sanitary installations. If improperly applied - and for claims resulting from such improper handling - there will be no legal claims accepted.

TECHNICAL DATA:

Form: clear, red liquid
Odour: fresh
Viscosity: low
Density: 1070 g/L
pH-value in delivery state: 1

INGREDIENTS:

Under 5 %: non-ionic surfactants
Contains: perfumes, COUMARIN, ALPHA-ISOMETHYL IONONE
Giscode: GS 50
Stability: at least one year in original containers.
The surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents.

LABELLING:

Warning

Hazard statements: H315: Causes skin irritation. H319: Causes serious eye irritation.

Precautionary statements: P102: Keep out of reach of children.
P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P337+313: If eye irritation persists: Get medical advice. P302+352: IF ON SKIN: Wash with plenty of soap and water.

TRANSPORT: No dangerous good in sense of these transport regulations (ADR).
